I babysit. I'm way too pretty to work some stupid ass job where I have to wear a visor and run a cash register! Babysitting is super easy — you just sit the brats in front of the TV and spend the evening texting guys! SO simple, and it totally pays!

Anyway, there's one couple that hires me about once a month, and they're usually out till REALLY late, which is awesome because they pay me more for staying after midnight! I wonder what they were doing out so late though! He's in his forties, and she's younger but not that young, you know? Sometimes they don't get home till like FOUR!

Well, one night they got home earlier than usual, and they looked kind of depressed. I heard the guy say, "She might want to try it, we should ask."

I'm like, "Ask what?" Mrs. Jones then came over to me and put her hands on my shoulders, real light. "Well," she says, "We were wondering if you've ever thought about... swinging." I was like, "Swinging? You mean on a playground?"

"No," she said, "I mean like THIS." And she totally kisses me! In my head I was like, what the hell! This isn't swinging, this is Frenching, but it turns out she's a good kisser! She was touching me real lightly all over, and it felt super good! When I looked out of the corner of my eye I could see her husband was watching us and loving it. I like knowing that guys are looking at me because it makes me feel sexy, so I kissed her back.

The next thing I know, we're in their bedroom! I couldn't believe this was happening, but it seemed like they do this a lot because they knew just what to do! Soon we were all naked, and it was kind of weird because they're older and they don't look good with their clothes off, but they were so good at all this I didn't care! I guess I don't have much experience with sex, but these two put everything I've done before to shame! They knew just where to touch me to get me hot! She was licking me really slow between my legs, and I was so turned on that when he got up on the bed and stuck his big gnarly penis in my face, I immediately started sucking it! Maybe penises keep growing as you get older or something, because Mr. Jones had a HUGE dick!

Soon, Mr. Jones started sticking his big penis inside of me! I thought it would hurt, but I guess Mrs. Jones got my kitty really slippery, because it went right in! She kissed me and sucked on my nipples and stuff while Mr. Jones had sex with me. Then, she went down and he pulled his rod out of me and he sprayed his white sperm into her mouth. Then, she came back up to me and KISSED me! Ewwwww!

My mom told me that THAT stuff can give you diseases and babies, so as soon as I realized Mrs. Jones wanted to put it in my mouth, I got up and marched right out to my car and never, ever went back to their house!

I wouldn't mind having sex with more older people who like to "swing," or whatever, though. Just as long as they don't want me to do that!

I couldn't believe my first-ever penis was pushing inside my pussy!

I had my arms around his neck, and his hairy chest was grinding against my breasts while he pushed himself deep inside me. I could feel my eyes going wet, not from the sudden sharp little pains, but more like from being scared of something so new. Or maybe it was the bright sun making my eyes burn, and when I closed them, I couldn't help remembering the moment we met for the very first time.

● had rushed late into Professor Michelsonsky's drawing class. His eyes burned into mine as he said, "Call me Professor Mitch," like he was talking directly to me. During our first sketching session he was walking around the room, then he was leaning over my shoulder to tell me my sense of space was exceptional, then resting his cheek next to mine as he ran his pencil over my sketch pad to suggest how a slight exaggeration of the model's figure could make it read more true. Later, when he asked if I'd

like to go sketching with him, there was such an overwhelming excitement in my chest as I said yes.

I remember how at first he pretended to praise my sketching as he leaned over my shoulder, and how he pressed up against me from behind, and how he asked me if I'd ever made love before. When I didn't answer, he was softly kissing the back of my neck and gently stroking my body, and then he was lying on top of me while he kissed me. As he lifted my dress, he told me how much he want-

ed to be the first one.

His mouth felt so exciting on my breasts, sucking on my nipples like he needed me desperately. When he pulled down my panties, he was telling me he'd love to paint the beauty of my vagina. Then he kissed my body all over...my tummy, the insides of my thighs, my labia...and licked my clitoris until I was squirming. Then he was on top again, and when his beret fell off, the shiny spot on the top of his head looked so smooth and sweet I couldn't help kissing it.

Then Mitch was pushing against me so forcefully!

Not like being mean, but more very stern and determined. His penis pushing inside me felt so impossibly big, but I was determined to accept it all. At first it ached, but the more he did it, the more my body was able to accept him. I could smell his cologne and a hint of cigarettes, and feel the heat of his body against mine as he rubbed and stoked himself inside my vagina. He did it for such a long time, giving me a big warm fullness that was challenging my pussy in such an amazing way. Then I could feel him forcing my legs even further apart, and his penis was going even deeper, touching me in a way that made me whimper. He kept filling my aching vagina with his long, determined penis, teaching me about feelings I'd never imagined.

He started making happy gurgling sounds and said, "Can you feel it? Can you feel me cumming inside you?" He kept sliding in and out until I could feel him filling me with so much passion it was flowing down between my legs. Even in that moment, I couldn't help realizing what an important transition this was, like a guilty pleasure you were brought up thinking you're not supposed to do, but after your first time you can't believe you waited so long!

After-
shocks

It's totally awesome being back in TIGHT again!

If anyone remembers, my first time was in the October 2003 issue, when I was barely 18. That was initially a positive experience because of being a chance to open up and talk about stuff. Like for example telling about how my stepdad did me with a dildo and then we did anal. At the time it felt pretty freeing, but afterwards I was having second thoughts about how people would react when the magazine came out. Then I got my copy in the mail (they send you a free one if you're a model), and for a couple weeks I was totally on pins-and-needles waiting for

somebody to say something to me on the street or somewhere, but nobody did. So then I figured maybe I got away under the radar.

Then I guess it was a couple weeks after that, because I remember it was Kaitlin's birthday. We were having the party at my house, and there was this guy there I kind of recognized because he lives in the neighborhood and used to be friends with my big brother back when he was in college.

He was talking to me with weird smiles and stuff. He goes, "I was hoping you'd be here." I go, "Why?"

"Because I saw your pictures in TIGHT, that's why."

When he said that, I blushed for sure, and I go, "Shhh..." cuz it's not like I wanted him outing me at my mom's house! Later we went over to his house and were just chilling. He was giving me the hugest smiles and telling me I was the hottest girl in my issue. (Not saying I was but still cool hearing him say so!)

He goes, "I got you something," and handed me a present. I go, "But it's Kaitlin's birthday!" He goes, "Yeah, but think of this as like your first present from a fan." That was so awesome my stomach did a back flip, and when I opened it, it was a dildo! He goes, "I figured maybe you liked them cuz you were using one in your

pictures." First I was kind of looking at him like I wasn't sure if he was being rude on some level. But then I figured it was pretty thoughtful picking out something so personal, and I gave him a kiss on the cheek. I guess he read a lot into that, because he got his arms around me and started kissing me really deep. At first I wasn't sure where to go with it, but then it was feeling pretty good so I just decided to see where it went.

I was kind of leaning back against the counter, and we were French kissing, and my dress was kind of lifting up from the way he was grinding against my front. Even through my panties, I could feel his hard lump.

He goes, "I've been beating off to your pictures, but you are way more beautiful in person."

That made my stomach back-flip for sure, especially when he slid down on his knees and started licking me through my panties. Then he tugged my panties down and started eating me out, and my knees were feeling so weak I was kind of leaning on his head for support. That was making him lick even deeper, till I couldn't help humping my pussy against his mouth.

When I did that, I guess he could tell I was ready, because he boosted me up on the counter. He lifted my dress over my head and was fingering me while we made out some more. Then he got the dildo and started using that on me. He was pushing it in and out of me, and I swear to god, my pussy was so sensitive I could feel every bump.

He goes, "You do it." It felt kind of bold doing myself with a dildo while someone watched, but I have to admit it was also adding to the excitement. He had his cock out and rubbed butter all over it. Then he was lifting my legs up so my knees were pushing against my boobs, and I was staring down at his greasy cock while he started making it fit inside my butt. First it was kind of bending, and then it broke through and I was like, "Ouch!" He was just going very slowly in and out, and the more I worked my pussy with the dildo, the more I was getting into everything.

I was humping back against him every time he pushed in. I could feel my pussy clenching, and then I started having such a big orgasm I lost my grip on the dildo. It popped out of my pussy in a way that made a rude noise but I didn't even care, because after the first big orgasm I kept having little ones, like aftershocks. He goes, "I've got another present for you," and I could feel him shooting off inside my butt.

Anyway, now we're semi-engaged and it's awesome, even though I'm keeping it a secret from my mom. If she found out I was sleeping with a guy over ten years older than me, she'd have a cow. Can you imagine what she'd do if she knew the whole story?!

I Can Take It

Renee first appeared in our February 2007 issue. She is starting college in the fall, after taking a year off to make money.

Did you like posing nude? Did it make you feel hot?

The first time or now? I liked them all.

What part of your body do you consider your best? Why?

I know it's not really a "body part" but I think it's my skin. It's soft and smooth, and guys really like the feel of it.

Do you enjoy exposing yourself in public?

I've been working as an exotic dancer this past year. There are good nights and bad nights, but overall I can say I really enjoy it. There is

AGE

PA

just no other way to make such good money for a girl like me, a high school grad without any college. (No way legal, anyway.) I really like it, dancing, but sometimes it's work. And it's true, the fuggliest guys give you the most money. You can almost smell the money, 'cause if they don't bathe right and stink, chances are they're gonna be handing out fifties.

Describe losing virginity and rate experience.

I told this last time.

How often do you masturbate? What method?

I just got offered to do some porno movie work. I'm still holding back for now, but the weird thing is it's gotten me really hot for looking at pornos. I look at these girls and think, "I am just a phone call away from doing that shit!" Especially when the girl is all into it and the guy is a real stud, it gets me hot imagining that could be me. I like my sex, and making good money just by doing what you enjoy—not too bad!

I hate / like / love giving head. Why?

I like it. I'm good at it and I like getting people hot.

Are you a spitter or a swallower? Why?

I swallow.

I hate / like / love receiving cunnilingus.

I love it. Tongue and fingers together are the best. I'm confident enough now to actually tell boys how I want it. "Put your tongue here, move your finger there." I want to get off, and I'm too impatient to have them stumbling around.

How do you like to be fucked? How can a lover best make you cum?

It can be fast or slow, but it has to be strong and deep and passionate.

I hate / like / love anal sex. Why?

I'm sort of saving this for if I do porno. There's just so much pressure in the porno world to do anal that the money starts rocketing sky high. A girl told me if you offer to let them be the first, let them take your 'anal cherry' on camera, you can make enough for a whole semester of college.

Where do you like a guy to cum? Describe.

I don't know.

Are you bi-sexual? If yes, describe your best time with a woman.

I am bisexual, but I've never tried a real lesbian relationship. Or, I *have*, but we ended up just becoming friends and the sexual tension drained right out. Then I started seeing other people and that was that.

Have you ever had more than one lover at once? Describe.

Only once with two guys. Big mistake. My boyfriend wanted me to let his friend fuck me. Did it. And even though that's what he wanted, he never really forgave me. Guys are fucked in the head.

Have you ever had sex with a stranger?

[laugh] I'm laughing 'cause that just happened here, on my trip to New York. Met a guy at a club, he knew the manager. I let him fuck me in a room in the back.

What is the sluttiest thing you've ever done?

That's way up there. But if I do porno, it will be that.

What's the absolute best sex you've ever had?

I don't know. It's all good in its own way.

What kind of men do you like?

Guys who are different and intriguing. I hate stupid guys.

What kind of women?

Sexy, feminine women. I don't like dykey-girls. If I wanted to date a guy, I would.

What's the best way for a man to pick you up?

Give me a compliment. I can take it.

I had been dating him for about two months, and my parents were not thrilled about it.

They're really protective of me. Also, they hate how much I talk to my friends on the phone, and now that I had a boyfriend I talked ten times more! First, me and him had to talk at least everyday, and then I had to tell friends about everything that was happening between us. Anyways, they didn't like him. But that just made me want to be with him even more!

I was really careful about not letting things get out of hand in the sex aspect. I knew my parents would basically combust if they found out I'd done anything. But my poor boy was so horny! He loved my tits so much, and it would drive him crazy if I didn't let him at least touch them. At first it was just touching through my shirt, but eventually I let him feel skin on skin. I couldn't help it!

This is how we finally did it. He had just moved into his own space above his parents' garage. I made the mistake of telling my folks about it, and they absolutely refused to ever let me visit there. I was scared so I agreed. So then, we wanted to go to the movies together. We saw "Eurotrip" and it was pretty funny, except we were kissing through most of it.

Then he started to feel me up.

He was getting all up in my tits and squeezing the flesh. He started tweaking my nipples, turning them like little dials, and it was driving me insane! I kept rubbing his leg, squirming my butt off because I was worried I was gonna scream right in the middle of the theatre!

Anyway, while we were driving home he said he needed to go by his place to pick up this college essay book I'd lent him. It was totally innocent on his part, but when we got inside, I for some reason put my arms around him. We got into this big, passionate kiss. Soon we were on the bed making out.

He pulled my shirt off and for the first time sucked on my tits with his bare mouth. Then he reached down and squeezed on my pussy through my shorts. Chills went down my spine for real.

I suddenly needed him so bad!

I didn't say a thing, but I let him know I wanted it to go farther by spreading my knees wide and lifting my butt off the bed. I think he got the message because he pulled my panties to the side and touched my slit. He mentioned how wet I was and I moaned, thinking, "Because I want you to fuck me, dufus!"

There was no longer any doubt what was going to happen. We took off all our clothes and he licked me on the pussy for the first time. Oh, God, the feeling rocked! It didn't take long for him to move himself up my body until he was laying between my legs. His dick against my pussy started to work itself inside. I was so wet that it slipped in with only a little tearing. It hurt, but not enough for me to even *think* about stopping. He started to rock me, and I put my hands on his butt and just took what he was giving me. I savored every inch of his dick. He said, "Your pussy feels so tight!" And I said, "You're dick feels so big!" He was like, "Serious?" and I just closed my eyes and said, "Fuck yeah."

He started pumping me harder and harder. It felt so good, but I started to worry he would lose control and cum inside. I so didn't need to get pregnant now! I begged him to take it out. He did, but he was all confused about why, and I didn't want to break the mood by explaining my fears so I said, "I want you to fuck my tits." He couldn't believe I said that!

He stuck his big dick between my tits and I smushed them hard together. He started fucking my chest, sliding his long dick through my squished-up boobs. Sweat was dripping onto my head. My breasts started to hurt from the pounding, but he suddenly groaned, "Holy shit!" and this *huuuuuge* blast of goop came shooting out — right onto my face! Oh my God, it was the most gross thing, and it just kept coming! He was trying to stop it, but he couldn't move away before, like, three humongous blasts landed *SPLAT* on my face!

So that part was gross, but the rest of my first time I thought was the best!

I love animals! I've been working at a pet store since high school, and I especially love the lizards and snakes. They're so cool and creepy! I totally want a python, but my mom says there's no way, cause it might eat the cat! Whatever. I hate that fucking stupid cat.

Anyway, one day this guy came into the shop while I was feeding the snakes. It's SUPER gruesome because you have to give them cute little mice and I always feel really bad. So, there I am dangling a mouse over this boa constrictor when a guy walks up to me and asks if I like big snakes. I'm like, "Duh!"

Then, he just lifted up his shirt and showed me a giant tattoo of a python that wrapped down from his neck, over his shoulder, around his waist, and... down... into his PANTS!

I was like, "That's SO cool! I love pythons! My mom says I can't have one, though." He said, "Well if you want to show me the back room, you can see mine."

I thought he just meant his tattoo, so I was like, "Sure!" Of course, as soon as we get back there, he whips open his pants and shows me where his tattoo ended up, which was... duh... on his DICK!

He goes, "It grows like a real python. Especially when you touch it." He put his hand around it and started moving it back and forth, and it totally DID grow! I mean, I knew that guys' dicks did that, but I never SAW it happen, and it was pretty cool. As it got bigger, the tattoo started showing up better and I could see the eyes and tongue — right there on the bulb-y part on the end! "You try," he said. "Maybe it will spit poison."

I was afraid my boss would come back from lunch and catch us, but I was curious! So I wrapped my hand around his "python" and started stroking it, and I could feel it getting even BIGGER! I was leaning way over to look at it, going, "Ooooh," and suddenly he grabbed my head and shoved it down on to his dick! It was really big in my mouth and he shoved it way back into my throat so I almost choked, but then he started moving it in and out, holding my head still the whole time!

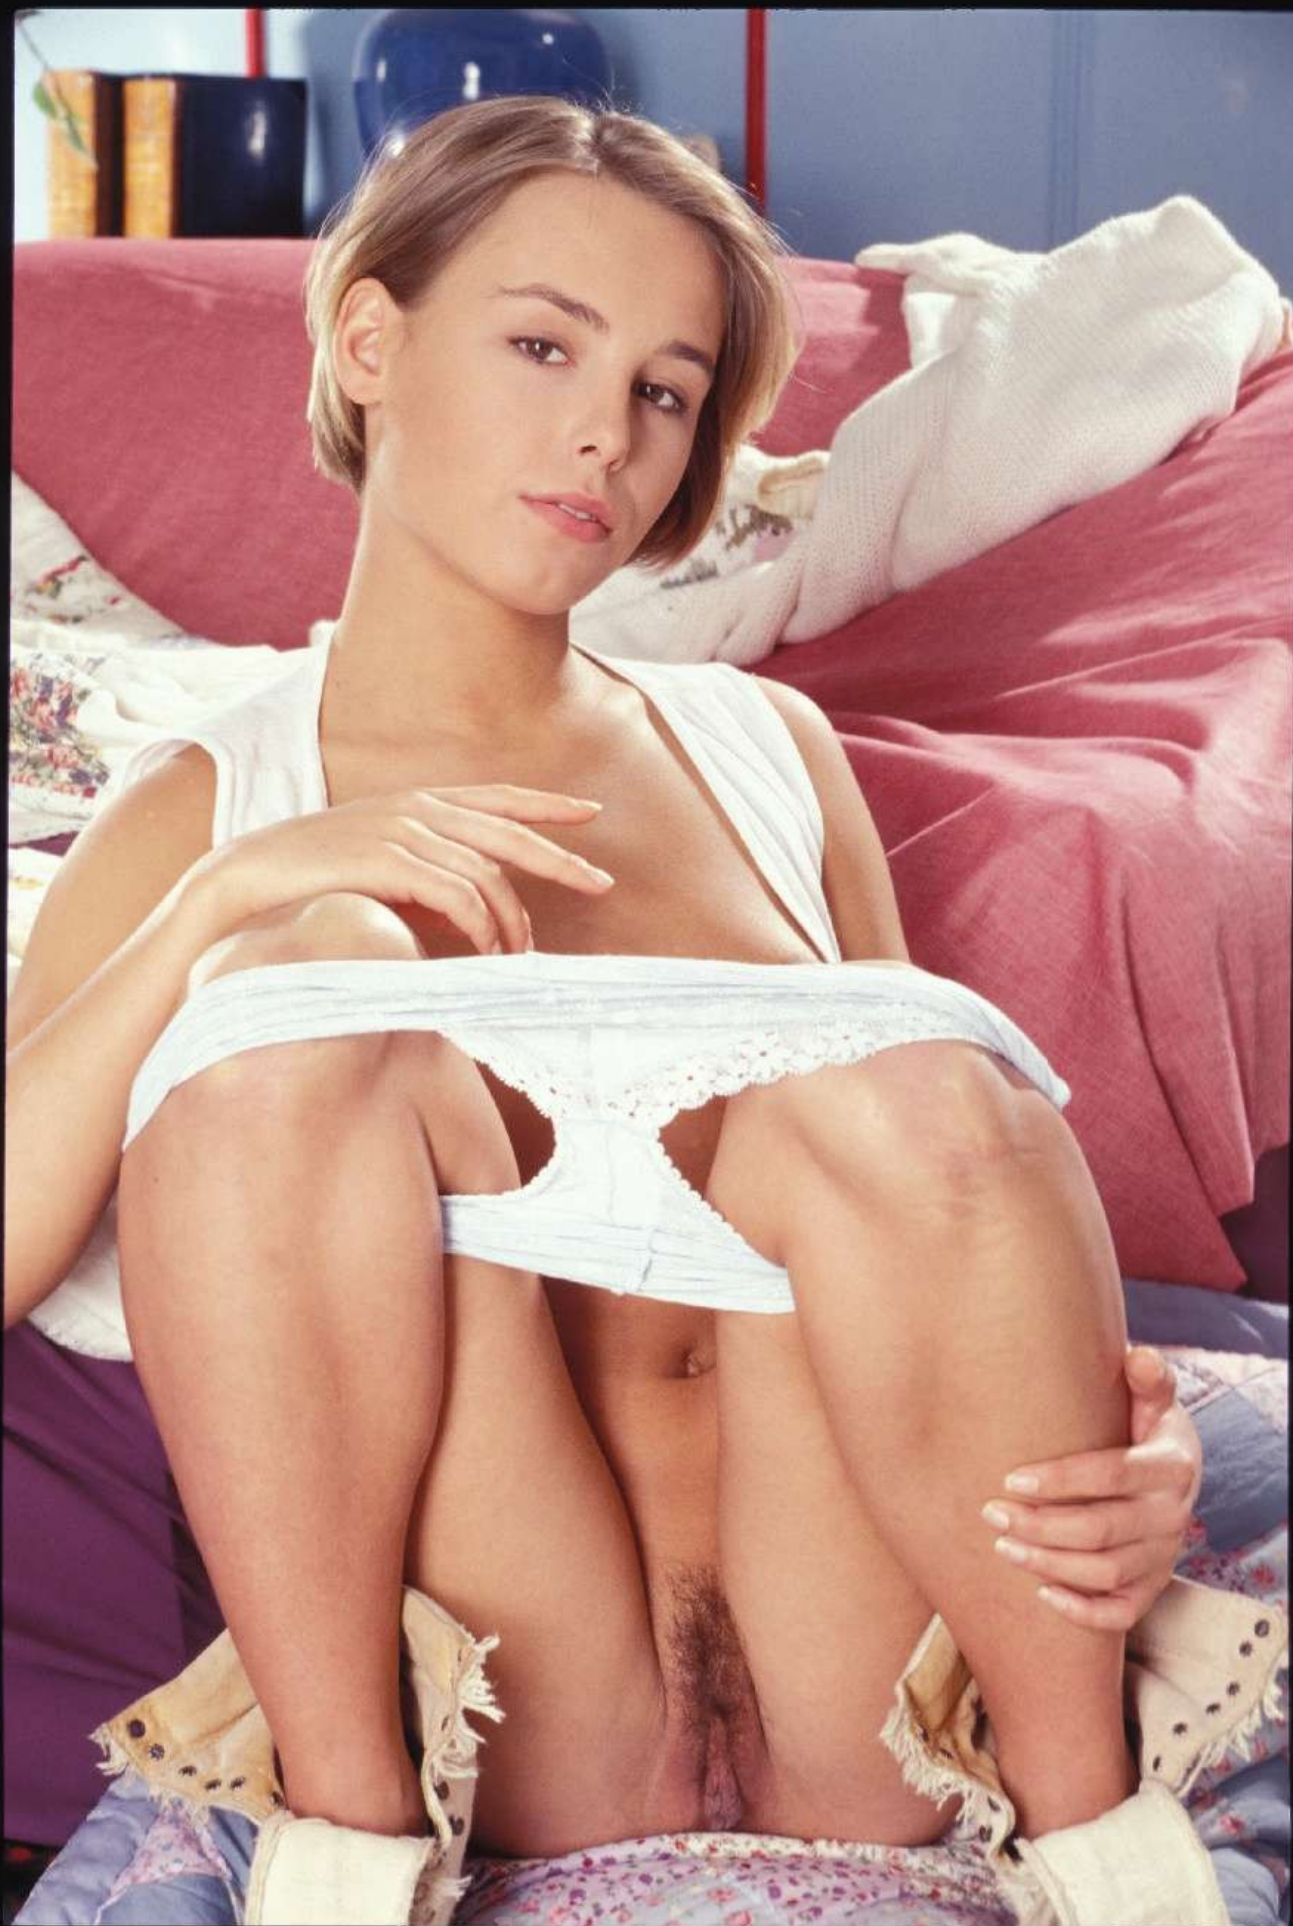

I kind of felt like I might pass out because I couldn't breathe, but it was kind of exciting to be doing something SO bad to a stranger! Then, he stopped and took his python out of my mouth, and he said, "Here comes the poison, baby!" and squirted this warm liquid all over my face!

I used some of the rags we dust off the shelves with to clean it up, and JUST then my boss walked in! I can't believe how close that was! I told him I was just showing the guy some of our private stock for reptile equipment, and then we went back out to the showroom together. The guy gave me his number but I never called it, cause I mean... "Here comes the poison, baby"? LAME!

It was my friend Christina's birthday.

The sleepover had been planned a week before, but suddenly she was all pissed at me because I was becoming friends with her boyfriend, Michael. (Whatever, all we'd ever done was talk!)

Anyway, it was the night of the sleepover, and all of us buds we were watching *Final Destination*. Christina was hogging the whole couch — the fat bitch. Well, Michael, her supposed boyfriend, was there too. We finished up *Final Destination* and by that point it was, like, midnight, and everyone had gone to sleep except me and Michael. We put in *The Exorcist*, the old one. I was really scared so I scooted closer to him. He put his arms around me. I didn't think it was any big deal, because I kiss and hug my guy friends all the time. Suddenly there's this scene where the girl in *The Exorcist* is yelling, "FUCK ME! FUCK ME!" and I joked to Michael, "What would you do if I said that?" He smiled and said, "I'd do this, to start off," and slid his hand up my shirt and started to rub on my breast. It felt so good that I began to rub on his dick through his pants.

We were making out.

Everyone was asleep next to us. I wasn't sure I wanted to do this, because this was seriously dangerous, but I couldn't stop myself! I felt his boner pressing against my leg and I knew he was horny. He whispered did I want to go upstairs, and I nodded. He took me by the hand and led me up to Christina's room. We lay down among her stuffed animals, and I let him put his hands all over me. He was kissing on my breasts and then he stuck his hand down my pajama bottoms. He started masturbating me and it made my pussy feel so hot.

I whispered to him, "You know, I'm still a virgin," and he said, "Well, we'll take care of that."

We both got naked, and we decided to try the missionary position. He got on top of me and his dick was so hard. I put my legs up and watched as he prepared to put it in me.

The sight of him holding his dick, about to go for it, got me so worked up I nearly screamed!

Just as he was about to slip it in, he bent down to kiss my cunt. It was so wide open that his tongue went right in. I think I came then, but I can't be sure. All I know is, I got goose pimples all over my body and my face became so hot! I clamped his head between my legs and bucked my hips. That was my first time with oral.

By then I was so hot he could have done anything he wanted with me. He got on top and I looked down and watched him do it: he put the head at my slit and pushed. In it went and — God! — I have never experienced anything so intense! I didn't know anything could feel that good. He pushed into me slow to start, but then we definitely got it on harder. He pounded me up and down, and we were making Christina's bed squeak so bad I started to get terrified and excited all at the same time. I was going wild! Then he told me he was going to cum, and I was so close I tried to hurry myself so we could do it together. I almost made it. He came in me, but I managed to get enough feeling out of his cock to rub my clit till I came about a minute after.

I have never experienced anything like those two orgasms. I had been masturbating myself for years, but this was so much better. I wanted to do it again with Michael almost as soon as we finished — and every day after! — but he wants to try and stay faithful to Christina. This need inside me is driving me insane! That's why I had to go out and buy this big pink dildo. It's not as good as a real boy, but it will have to do.

I was up visiting Alissa because of spring break.

Ever since we graduated high school, I don't hardly get to see her, because of different colleges. So it was totally cool just doing nothing together. The weird thing was her brother Gregg. Not that he's weird (he's so not!) but because how much he changed. Like when I was little, he was so much older that he just ignored us. But now that I'm 19, it's like I caught up with him a little bit (even though he's probably like 30), and he was totally smiling at me.

He has this job working in construction for their dad. He's kind of buff and when he pulled his shirt over his head, I totally couldn't keep my eyes off him. Just before her and Shane left for the mall, Alissa leaned over and whispered, "Now's your chance to make your big move!" and had this look on her face like a cat that ate a canary. Then I couldn't help blushing, because there's no way I could deny it.

Gregg said he knew all about me having my pictures in TIGHT (in the January 2004 issue).

It turns out Alissa had told him all about it. (For once I was glad she has such a big mouth!) Well, I just KNOW we were both thinking about the same thing (the story I told in the magazine about losing my virginity at age 18). He gave me this killer smile, then dipped his head down so his face was next to mine and gave me this long, slow kiss on the mouth. I put my hand up, like kind of pushing him away, but all I could think about was how muscular his chest felt. He put a hand on my breast,

and after that we were laying down, and I let him play with my boobs. He was feeling up my pussy, and then started kissing down my chest and belly until his mouth touched my pussy.

It was totally mind-blowing (and pussy-blowing!) that Gregg was eating me out! He moved around and pulled my head between his legs, and I started sucking his hard cock. It was such an amazing experience. When he said, "Can I take it all the way?" I nodded.

He had me on my hands and knees, sliding his dick all up into my tight pussy.

I could feel myself going so wet as he slid his hard cock across my pussy lips. Every time he would do it, the head of his cock would rub across my clit and it was making me crazy. I guess he could tell I was ready, because he gripped his cock in his hand and pointed it inside my pussy. It was a little bit painful at first (so big!), but then it got pretty awesome the more he did it.

At one point he was feeling up my butt, and when I felt his finger on my anus, it felt kind of weird. But he goes, "Relax," and I decided to trust him. He put some sun lotion on his finger and was making it go inside. At first it felt uncomfortable, but then I was getting more caught up in the feeling of his cock in my pussy. Suddenly he pulled his cock out and started trying to put it in my butt. I was like, "What the...?" But he goes, "I can't cum in your pussy without a condom. Let me cum in your butt." I know that's not technically kosher, but I knew I could trust him, so I agreed to at least try it.

He slowly started entering my butt. Well, if I didn't like him so much, I don't think I could have done it. But I really wanted to make him happy, so I let him keep doing it. Plus he was playing with my pussy, and I was really getting off on the feel of his fingers, to the point where I could tell I was going to have an orgasm. I whispered, "I'm going to cum!" and he goes, "Me, too!" and I swear I could feel every drop as his cock exploded, filling me to 7th heaven.

I felt kind of embarrassed that I let him do it, but he said, "Don't be ashamed, you looked so sexy and beautiful with a cock cumming up your ass." Okay, maybe that sounds kind of grody, but it sounded really hot when he said it.

They told me I'm supposed to tell you about myself and what I like sexually!

I was like, umm, guys, I'm only 18! I don't really KNOW what I like sexually!

But they said to just talk about ANY sexual experience I had so...

I grew up in Kentucky, where there's horses everywhere! I always loved horses and wanted to ride them, but I never had money for lessons, so I worked in rich people's barns cleaning stalls so I could learn to ride. I took lessons after cleaning stalls, and I got good!

Anyway, one day, I was in the barn with this stallion named Murray. The guy who owns the barn, Mr. Randall, came in and said, "You know, you're a hell of a rider, Megan. You've got a talent for using your hips. I wonder what else you could do with them."

I didn't know what he meant, so I kept brushing Murray. "Makes me think," Mr. Randall said, "about what you could do on top of a man." Then he pushed me back so I was leaning on the horse, and he stuck his hand down the front of my pants! I didn't know what to do! I knew he was super rich and powerful, so yelling at him could be a bad idea. And, anyway, the way he was moving his hand around didn't exactly hurt...

I mean, there's this spot between my legs where, if I don't hold on to the saddle with my legs, it bumps against the saddle horn and hurts SO bad! That's why I learned to use my hips and my legs when I'm riding, so I won't bump that spot! Well, Mr. Randall was touching THAT spot, but it didn't hurt at all! It felt good!

He said, "I think you'd know just how to ride a man." He got down on the hay and pulled me down so I was straddling him, like a horse! Mr. Randall unbuttoned his pants and — oh my gosh! Inside there was a big hard man-part! He told me to take off my breeches and pretend he was a stallion! I was like, what? I mean, how do I pretend a GUY is a STALLION? But I didn't want to make Mr. Randall mad, so I took off my boots and my breeches and sat back down. When I went to sit, he held his thing straight up, and I realized he wanted me to sit ON it and put my hole over it! I never thought I'd do that until I was married to a man I loved, but that feeling in my little spot was getting more intense and I thought maybe it would help if I sat on his penis! So, I did!

It was just like riding a horse! I knew what to do by using my hips and my thighs! And I was so in control, just like on a good horse! Mr. Randall seemed really impressed, too, because his face got all red, and he yelled, "Giddyup"! I wasn't listening to him, though. I was focusing on how my spot felt so wet and warm it might slide right off! But it didn't! Instead, it clenched up and gave me the most wonderful feeling I've ever had! Everything went dark and I almost fell over, but Mr. Randall held onto me and shoved his penis way up inside, and I felt a few little spurts and then he laid back with this big GRIN on his face!

After that, I was allowed to ride Murray the stallion a lot more, and I rode Mr. Randall a few more times, too!

I didn't want to go to the party but my boyfriend insisted.

It was at his friend Gunnar's, who is so pretentious because he and his roommates are in a band that went to Berlin to perform but I heard they had to pay their own way. Anyway it was so crowded and a lot of the people were jerks.

I was trying to get to where the beer was but it was like going into the ocean—that's how crowded it was. I mean like where your feet almost aren't even touching the bottom and it's like you can't control where you're drifting to.

I kept running into this guy I sort of knew from one of my classes. Without it being either of our faults, we kept getting crushed together. At first we were pretending like we didn't notice each other but then we couldn't help laughing.

He took my hand and said we had to make our escape.

He ducked down and pulled me down after him and he crawled behind a couch and I followed him under the table and out of the room. We didn't even stand up until we got out in the hall. He laughed and said we better get out of there because his girlfriend would kill him if she thought he was with someone as hot as me. I told him I came to the party with my boyfriend and it was funny because we were both ducking out on someone.

We went down under the stairway where there was a hallway down to the basement. Neither one of us wanted to be away too long, so we started making out right away. We were kissing and he pulled me up tight against him so I could feel his hard cock pressing me through his pants. Then I pulled my top up and he started to suck my nipples. They're really sensitive and I could tell from the way he was sucking them that we were going to have good sex.

He had his hand inside my pants and he started fingering me. First he was penetrating me with one finger, and then he added another one. I could feel myself going so juicy I just wanted to give it up. I pushed down my panties and told him he could fuck me. When I said that he kind of groaned and told me to guide his cock in me. He already had it out and I stroked it a little and then I pointed it up against my pussy. He pushed and I was so wet that it slid right in.

He fucked me up against that wall so damn good!

I lifted one leg up and he was holding onto my ass while he did it. He kept pumping it in and out of me. First he was going slow and then he speeded up. I started fingering my clit until I could tell I was getting close, then I put my arms around his neck and held on while we both started to cum. I started to scream and he put his mouth over mine to keep from attracting any attention. He was pumping me so hard I could hear his balls slapping against my wet thighs.

We came back to the party and it was still packed. We walked in holding hands but then I could feel him letting go and then it seemed like I ended up across the room. When I ran into my boyfriend, I acted really pissed and said I had been looking for him for an hour! Meanwhile I could still feel my legs sticking together.

Rough Rider

AGE
18

FROM
Dover,
Delaware

Kelsey has taken a year off after high school to “travel around” but is attending college next fall. This is our model questionnaire as she filled it out:

Did you like posing nude? Did it make you feel hot?

Yes, yes, because I love sharing what I have. I'm proud of my body.

What part of your body do you consider your best?

My butt, because for a girl my size it's huge.

Do you enjoy exposing yourself in public?

Not in a public place full of just anybody. But I like going around without panties. People can't see, but I feel exposed and it's exciting.

Lost your virginity at how old? Describe and rate experience.

He was very experienced. He got me off, which was a good first impression.

How often do you masturbate? What method?

I need to do it a lot. I guess I have a dirty mind.

I hate / like / love giving head. Why?

There's huge peer pressure to do it, but I don't really like giving head that much. It's kind of gross for me having a dick in my mouth.

Are you a spitter or a swallower? Why?

I swallow only because I don't want it squirting all over my face.

I hate / like / love receiving cunnilingus. Why?

I don't really like this either. I just wanna fuck.

How do you like to be fucked? How can a lover best make you cum?

I like being bent over something and getting fucked really, really hard and intensely. I'm a nympho. Getting fucked hard is my favorite feeling in the world and I've never felt anything that comes close to it.

I hate / like / love anal sex. Why?

I'm too scared of the pain. I'm very little and I'm sure it would hurt.

Where do you like a guy to cum?

Describe.

Not on my body because that's gross. In my mouth or inside me.

Are you bi-sexual? If yes, describe your best time with a woman.

I did it a few times.

Have you ever had sex in public?

I've been fucked in the stall of a public restroom.

Have you ever had more than one lover at once? Describe.

No.

Have you ever had sex with a stranger?

No.

**What is the sluttiest thing
you've ever done?**

Let my boyfriend's best friend
fuck me. I wish I hadn't done it.
When my BF found out he was
pretty mad and we broke up.

**What's the absolute best sex
you've ever had?**

Probably the very first time I had
sex, because it was all so new
and just the physical experience
of having a guy slide his thing
up me gave me my first ever
orgasm.

**What kind of men do you
like?**

I'm not specific but I like punk
guys.

What kind of women?

All kinds.

**What's the best way for a man
to pick you up?**

Talk to me for awhile.
